## Active Learning and ICT-enhanced teaching: M-learning and gamification

The topic forum is aimed at introducing the participating teachers to the method of ***Gamified class activities and application of mobile devices inside and outside the classroom***. It will enable the participating teachers to use effectively innovative learning technologies for promoting students' active learning. The innovative method of gamification as an educational strategy is used for motivating students to learn by elaborating gaming mechanics or video game design elements in learning environments.

The following topics are planned to be discussed: gamification, M-learning, and virtual reality, M-learning and augmented reality, and designing a gamified intervention.

# Search in Discussions

## Search terms into one or more of the following fields:

- These words can appear anywhere in the post
- This exact phrase must appear in the post
- These words should NOT be included
- These words should appear as whole words
- Posts must be newer than
- Posts must be older than
- Choose which forums to search
- These words should be in the subject
- This name should match the author

The screenshot shows the 'Advanced search' page of the VATL (Virtual Academy for Teaching and Learning) website. The page has a dark blue header with the VATL logo and navigation links: HOME, ABOUT, NEWS, COMMUNITY, and DIS. Below the header, the page title is 'al Academy for Teaching and Learning' and the breadcrumb is 'rums / Advanced search'. The main content area contains a form with the following fields:

- These words can appear anywhere in the post:** A text input field.
- This exact phrase must appear in the post:** A text input field.
- These words should NOT be included:** A text input field.
- These words should appear as whole words:** A text input field.
- Posts must be newer than this:** A date range selector with dropdowns for days (1), months (January), years (2000), and times (00:00).
- Posts must be older than this:** A date range selector with dropdowns for days (14), months (November), years (2020), and times (18:45).
- Choose which forums to search:** A dropdown menu showing 'Active Learning with a special focus on Technology Enhanced Collaborative Learning'.
- These words should be in the subject:** A text input field.
- This name should match the author:** A text input field.
- Is tagged with:** A dropdown menu showing 'No selection' and a text input field for 'Enter tags'.

At the bottom of the form is a blue button labeled 'SEARCH FORUMS'.

The central objective of the forum consists in familiarizing the participating teachers with the method of **Hybrid/Blended teaching & learning** – an innovative approach regarding how traditional classroom/independent studying methods and e-learning can be interconnected in the teaching process.

The content-related issues to be discussed will chiefly relate to the introduction of the topic and the role of the teacher in online courses, online learning environment, and portfolios, multimedia production, operating with online project management tools and assisted group work as well as working with cultures.

##### Best Practices:

1. Set clear expectations by establishing a routine, and sticking to it. **Flipped learning** requires a certain level of student accountability to complete the pre-**class** material and come to **class** ready. ...
2. Flip the basics, expand in **class**. ...
3. Ensure your **flipped** material scaffolds into your in-**class** activities.
